Jose Mario Salazar Morera

Software developer in training with a solid foundation in creating technological solutions that combine innovation, efficiency, and scalability.

Interested in the development of cloud-based technologies, applying best practices and modern tools.

Recognized for continuous learning, teamwork, and adaptability, with the goal of building efficient and innovative software that creates real impact.

Work Experience

CENFOTEC | January 2024 – May 2024
Software Development Student – Software Project 2
Participated in the design and implementation of a healthcare-related software project following the Scrum methodology.
Contributed to both front-end and back-end development using C#, .NET, and SQL.
Used Azure DevOps for version control, task tracking, and project deployment.

Education

CENFOTEC University | Bachelor's in Software Engineering (2020 – Present)
CENFOTEC University | Software Development Technician (2020 – 2023)

Technical Skills

Programming & Databases: Java, JavaScript, C#, SQL, HTML, CSS.
Cloud & Infrastructure: Familiar with Azure DevOps, cloud environments, and remote collaboration tools.
Data & Analytics: Basic experience in database management, reporting, and data visualization.
Methodologies: Understanding of Agile frameworks (Scrum) and cross-functional teamwork.
Problem Solving: Analytical mindset for technical troubleshooting and process improvement
